

Respectful Code of Conduct

The Garden City, Niagara and Niagara-on-the-Lake Family Health Organizations and the Niagara North Family Health Team is committed to providing a safe and supportive environment for everyone, including staff, learners, patients and their families. Everyone has the right to be treated with respect and dignity; to address concerns and work together in good faith to resolve conflicts as quickly as possible in a professional and constructive manner.

Engaging in behaviour that would reasonably and objectively be considered to be discriminatory, offensive, disrespectful, harassing, violent or disruptive to anyone, in any situation within this organization, is not acceptable.

Respectful conduct is the standard of behaviour expected from all individuals. In the event a breach of this standard occurs and satisfactory resolution is not achieved, further assistance or intervention is encouraged by contacting the Executive Director.

We want to do everything we can with integrity, knowledge and compassion.
